Barley Areas in Drought

Reflects December 29, 2020
U.S. Drought Monitor data

Approximately 43% of barley production is within an area experiencing drought.
Percent of Barley Located in Drought
December 29, 2020

Drought percentages are approximated using the U.S. Drought Monitor product. State contributions to national production (percentages in parentheses) are derived from NASS 2017 Census of Agriculture data.

</table>
Corn Areas in Drought

Reflects December 29, 2020
U.S. Drought Monitor data

Approximately 38% of corn production is within an area experiencing drought.

Major and minor agricultural areas are delineated using NASS 2017 Census of Agriculture data. Drought areas are identified using the U.S. Drought Monitor product.
